

## DOUBLE ENDED SIREN

The Carrel & Carrel double ended 3-phase siren is designed to give effective warning over wide areas. The unit has the typical air raid siren sound, the low frequency giving excellent sound coverage. The siren is designed for roof, pole, tower or plinth mounting. Its construction ensures long life. The siren is powered by a 4kW 3-phase motor and is continuously rated.

### Features

- **Powerful sound for wide area coverage around 8 kilometers**
- **Universally recognised emergency sound**
- **Three phase (400/440V ac)**
- **Rugged construction for outdoor use**

### Applications

- **Disaster and emergency warning**
- **Security alarm**
- **Flood warning**
- **General alarm**
- **Public warning (Evacuation)**
